Activity: One could describe this month's meeting as a pleasure to the eyes and a delight to the palate! We had a lot of fun watching Lisa E demonstrate the intricacies of chocolate candy making while filling ourselves with her delicious treats. Who would have known how intricate it is to make chocolate filled cherries and other types of fancy candies?! Lisa showed us how to melt the chocolate, how to correctly "paint" the molds, her secret on how to eliminate chocolate bubbles, and oh so much more! There was dark chocolate, milk chocolate, chocolate with peanut butter, chocolate with coconut, white chocolate, pink chocolate with peppermint, and even chocolate with rice krispies. What more could a women's club ask for on Valentine's Day! We also had fun with Diana's game time activity! Her game challenged us to see how many different words could be made from the word "Valentine." Food for this tasty event was provided by Kathy K & Paula N.

Beautification Committee: The Garden Club will clean up the front gate area on Wednesday February 22nd at 2:00pm. Bring your garden tools! Additionally, Carroll asked that we think about new project ideas as well!

Next Month: Don't forget – our meeting will be on March 13th at the Clubhouse where Susan will teach us how to decorate eggs & our hostesses will be Kim M. and Catherine W.
